Why do *you* celebrate Canadian Patient Safety Week?

Patients are our most important partners in the advancement of medical knowledge and it is our obligation to protect their wellbeing.

Gazal Vakili, Clinical Research Manager, Canadian Centre for Clinical Trials

Our patients are why we do what we do. Through innovation and research, we are able to keep our paramedics and patients safe!

Stu McKinnon, Public Relations Coordinator, Muskoka EMS

LA sécurité des patients doit faire partie intégrale de chaque action posée à l'égard des patients au quotidien. Bravo pour cette initiative!

V. Roberge, infirmière, Hôpitale Ste Anne

It is a great opportunity to increase the awareness of both the need to pay attention to patient safety & of the tools and resources.

Lexie Gordon, Quality Lead, Northern Health

L'exemple c'est moi ! La Prévention ma culture de sécurité patient.

Martine Couture, Directrice administrative, Prévimed Inc

Since patients are our number one priority. It is important to inform and educate the public with information for their own protection. We have actively been working on our facility's hand hygiene. Information is power for both employees and the public.

Dani Zubkowski, OHS Coordinator, St. Mary's Hospital

It reinforces that I am part of something bigger and that all together we can make a real change!

Laurel Stretch, Quality Consultant, Alberta Health Services

It gives all of us a chance to stage activities that reflect on all that we do as individuals and departments to ensure patient safety.

Barbara Snasdell-Taylor, Accreditation Leader, Almonte General Hospital/Fairview Manor

Our team strives to provide our community with the best evidence based and compassionate care possible and CPSI's tools supports this focus.

John E. Short, Nurse Manager/Clinical Educator, Northern Haida Gwaii Hospital

It is personal! It is about quality care for myself and my family. I caught C. Difficile in the hospital and it was a horrible experience.

Christine Ewing, Site Coordinator, Quality Improvement & Accreditation, Correctional Services Canada

SickKids is determined to provide the safest possible care to our patients. We all contribute to a safe health-care experience.

Rita Damignani, Patient Safety Coordinator/Quality Analyst, SickKids

We want to ensure the delivery of quality care for our clients.

Shannon Morris-Hatton, Occupational Health Nurse, Shannex

It's a great opportunity to highlight how what we do, as a healthcare GPO, makes a positive impact on patient outcomes.

Elyse Michaud, Medbuy Corporation

If I make my workplace safe for my patients, I am making it safe for myself.

Christine Smallman, Diagnostic supervisor, Community Hospital

Clear communication is enhanced when 'ask.talk.listen.' occurs in person/by phone in community based programs rather than the email 'shortcut'.

Audrey Gibson, Program Coordinator, Vancouver Island Health Authority

Canadian Patient Safety Week is our opportunity to spread the message that patient safety is everyone's responsibility.

Mark Daly, Patient Safety Officer, McGill University Health Centre

At St. John's Rehab, our patients have the right to expect the safest, highest quality care from our team of dedicated rehab professionals.

Sonia Jacobs, Director, Quality, Patient Safety & Decision Support, St. John's Rehab Hospital

Patient safety is central to every aspect of health care delivery!

Carolyn Young, Communications Coordinator, Health Council of Canada

There is nothing more key than the safety of the residents in our facility. We exist because our residents feel safe in our presence.

Heather Ives, Staff Development /Quality Control, Dr. Gendreau PCH

We want to increase patient safety awareness for Queen's University students in the health care disciplines using the Room of Horrors event.

Janice McVeety, Patient Safety Officer, Queen's Joanna Briggs Collaboration for Patient Safety

Les patients sont notre priorité de même que la qualité des soins et services de chirurgie offerts dans notre centre.

Hélène Boisvert, Directrice des soins infirmiers, Centre Métropolitain de Chirurgie

Because making hospitals 'patient safe' is one of my primary objectives in patient care after practicing GREAT Family Medicine.

Dr. Will Sawyer, Physician, Sharonville Family Medicine

People are our world's most precious commodity! In giving the safest care possible; we are giving the best life possible.

Anita Terry, Administrative Assistant, Bonnyville Healthcare Center

Resident safety is a key component of our care. Residents must feel and be safe, this is their home.

Heather Ives, Staff Development /Quality Control, Dr. Gendreau PCH

C'est une belle occasion de mettre en valeur tout nos efforts qui sont en liens avec la sécurité, informer le personnel et les résidents.

France Rivard, Gestionnaire de risque, Centre d'accueil Marcelle Ferron

Patient safety is important every day,
every patient....our residents and
patients are depending on us to keep
them safe.

Janice MacDougall, Food Service Supervisor, HV, CBDHA

THANK YOU!!!
